

A Service Disabled Veteran Owned Small Business offering **Wiring Harness, Ignition Lead, Flexible Conduit and Interconnect Support Services**

Co-Operative Industries Defense, LLC is a SDVOSB rated organization whose primary focus is on supporting the defense industry. We specialize in serving Prime Contractors of government military programs; helping them meet their government contract commitments by supplying wiring harnesses, high tension ignition leads and flexible metal, PTFE, and PEEK™ conduit assemblies.

- Engine, Fuselage, and System Electrical Wiring Harnesses
 - Aircraft Engine High Tension Ignition Leads
 - Airframe and Landing Gear Flexible Conduit Assemblies
 - New Design or Build-to-Print Capabilities

Manufacturing Capabilities

Our customer oriented design and manufacturing approach results in on-time deliveries of affordable, quality products. Our manufacturing facility has been expanded and optimized for the production of engine, airframe, landing gear, ground, and aircraft systems wiring harnesses. Manufacturing highlights include:

- AS9100B registered facility
- Capacity for long run, large volume production
- Wide Area Workflow for government related business
- Full in-house machining capability, including CNC
- High Temperature Conveyor Oven
- Laser Stripping Capability for insulated wires
- Laser Marking
- Induction Brazing
- In-house manufacture of flexible metal conduit
- In-house braiding of Nomex®, PEEK™, and Kevlar®; as well as many other materials inclusive of metal braid wire
- In-house glass-to-metal sealing for high temp connectors
- Overmolding of connector backshells for durability, vibration protection, and water resistance

Current Military Programs

- F-15 Test Equipment Harnesses
- F-16 & F-35 Wiring Harness Modifications, Assemblies & Kits
- C130's T56 Engine and QEC Harnesses
- T56 Ignition Leads
- J85 Harnesses & J-Boxes
- T700 Ignition Leads
